INTEGRATED BSHM MANAGEMENT PORTFOLIO & OPERATIONAL LAUNCH PLAN

Alon & Aninag Boutique Beach Resort — Sipalay, Negros Occidental

Enterprise Name: Alon & Aninag Boutique Beach Resort [cite: 31, 32]
Location: Sipalay, Negros Occidental, Philippines ("Where Waves Rest and Souls Glow") [cite: 31, 32]
Property Scale: 20 Eco-Refined Guest Rooms [cite: 31, 32]
Launch Capital Allocation: PHP 500,000 (Simulated Pre-Launch & Operational Reserve Limit) [cite: 31, 32]
Academic Program: Bachelor of Science in Hospitality Management (BSHM) [cite: 1, 7]

SECTION 1: BUSINESS PROBLEM & LAUNCH CONTEXT

1.1 Executive Venture Summary

Alon & Aninag Boutique Beach Resort is a proposed 20-room eco-refined hospitality enterprise located along the scenic coastal corridor of Sipalay, Negros Occidental, Philippines [cite: 31, 32]. Operating under the core brand promise *"Where Waves Rest and Souls Glow,"* the resort blends calm, cozy, and soulful hospitality with photogenic beachfront experiences, local Negrense culinary offerings, and active water leisure [cite: 1, 31, 32]. The business operates within a strict simulated launch budget limit of PHP 500,000, which is dedicated exclusively to pre-opening human capital acquisition, onboarding, diversity workshops, team performance rewards, multi-channel marketing, and operational contingency reserves [cite: 16, 31, 32]. All fixed physical assets, land leaseholds, and baseline structural capital are funded via primary real estate investments [cite: 7, 32].

1.2 Core Management Problem Statement

The primary strategic challenge facing the management team is securing 90-day investor

authorization by proving that an agile, cross-functional 10-position workforce can reliably deliver a premium, barrier-free, and culturally inclusive customer promise while strictly adhering to the PHP 500,000 launch capital ceiling [cite: 7, 32]. The management team must reconcile lean operational staffing with high guest satisfaction (Net Promoter Score ≥ 85), execute a multi-channel digital customer acquisition strategy, and establish robust risk controls to prevent operational breakdowns during peak occupancy [cite: 7, 12, 17].

1.3 Target Segment Profiling & Needs Analysis

Alon & Aninag addresses two primary customer market segments along the Western Visayas coastal corridor [cite: 31, 48]:

- **Segment 1: Aesthetic Seekers & Eco-Tourists (Young Couples & Barkadas)**
  - *Demographics:* Domestic travelers aged 20–35 from Bacolod City, Dumaguete, Iloilo, and nearby regional urban centers, alongside international eco-conscious travelers [cite: 1, 48].
  - *Core Needs:* Affordable beachfront accommodations, photogenic/Instagrammable outdoor spaces, sunset views, high-speed fiber Wi-Fi, safe and quiet relaxation, and curated daytime water activities [cite: 1, 48].
  - *Buying Behavior:* High reliance on social media discovery (Instagram, TikTok), direct mobile booking engines, peer reviews, and bundled experiential pricing ("sulit" value) [cite: 1, 4, 48].
- **Segment 2: Regional MICE & Corporate Business Travelers**
  - *Demographics:* Government officials from Region VI/VII, NGO program directors, corporate retreats, and business travelers from Dumaguete and Bacolod hubs [cite: 7, 48].
  - *Core Needs:* Express check-in/checkout, quiet dedicated workspaces, dietary flexibility (including Halal and allergen-aware meal prep), high-speed connectivity, and formal tax/billing documentation [cite: 7, 48].
  - *Buying Behavior:* Direct B2B sales inquiry, weekday off-peak booking patterns, corporate account packages, and high sensitivity to operational reliability [cite: 7, 48].

1.4 Central Management Question

"How will Alon & Aninag's management team integrate workforce planning, multicultural workplace protocols, and coordinated marketing channels to deliver a frictionless, high-NPS guest experience within a PHP 500,000 launch allocation?" [cite: 7, 32]

SECTION 2: EVIDENCE BASE & REGIONAL MARKET

DYNAMICS

2.1 Macro-Environmental Trends & Industry Benchmarks

Formulating a defensible launch plan requires grounding operational assumptions in empirical industry data. According to tourism statistics from the Department of Tourism (DOT, 2023) and Philippine Statistics Authority (PSA, 2023), Western Visayas and Southern Negros have experienced an 18.4% year-on-year growth in secondary coastal destination arrivals, driven by traveler dispersion away from overcrowded hubs toward boutique, nature-integrated accommodation [cite: 8, 32]. Four macro trends shape Alon & Aninag's strategy [cite: 8, 44]:

1. **Workforce & Inclusion:** Escalating demand for accessible physical infrastructure and inclusive service protocols accommodating guests with diverse mobility, sensory, or dietary requirements [cite: 8, 44].
2. **Technology & Digital Intermediation:** Shift toward direct mobile PMS booking engines, digital pre-registration, and instant messaging response channels [cite: 8, 44].
3. **Markets & Sustainable Tourism:** Guest preference for single-use plastic elimination, local sourcing, and regional community economic integration [cite: 8, 44].
4. **Globalized Workplace Dynamics:** Requirement for hotel teams to communicate across regional dialects (Hiligaynon, Bisaya, Tagalog) and international languages (English) while maintaining cultural sensitivity [cite: 8, 44].

2.2 Comparative Market Audit

Enterprise Benchmark	Core Customer Promise	Marketing & Distribution Channels	Identified Market Gap & Strategic Opportunity

Alon & Aninag Boutique Beach Resort (Sipalay) [cite: 31, 32, 49]	Eco-refined, barrier-free coastal retreat offering personalized, culturally inclusive hospitality and sunset experiences [cite: 31, 44, 49]. Fills the unserved niche for high-quality, inclusive boutique accommodation paired with structured daytime leisure packages [cite: 8, 49].

SECTION 3: MANAGEMENT DECISIONS & STRATEGIC FRAMEWORKS

3.1 Workforce Planning & Organizational Structure

Alon & Aninag operates a lean, cross-functional organizational model designed for a 20-room boutique structure [cite: 9, 32]. The workforce comprises 10 dedicated positions (1 Manager, 3 Department Leads, and 6 Frontline Associates), balancing 24/7 front desk coverage with high-quality housekeeping and culinary service (TESDA, 2021) [cite: 9, 32].

3.2 Master Staffing & Shift Deployment Table

Position Title	Count	Operating Schedule & Shift Deployment	Key Intercultural & Service Competencies Required
Hotel Operations Manager [cite: 33]	1	Mon–Fri (08:00–17:00), On-call 24/7 for escalation [cite: 33].	Strategic leadership, budget oversight, conflict de-escalation, cross-cultural diplomacy [cite: 33].
Front Office Lead [cite: 33]	1	Tue–Sat (07:00–16:00), Peak check-in oversight [cite: 33].	Multi-language fluency (English, Hiligaynon, Bisaya, Tagalog), PMS mastery, guest feedback audit [cite: 33].
Front Desk Associates [cite: 33]	2	24/7 Coverage (Shift A: 06:00–14:30; Shift B: 14:00–22:30; Night Audit) [cite: 33].	Active listening, accessible communication etiquette, express billing, local tour advisory [cite: 33].
Housekeeping Lead [cite: 33]	1	Mon–Fri (07:00–15:30), Morning room release [cite: 33].	Quality inspection standards, universal accessibility maintenance, sanitization hygiene [cite: 33].
Housekeeping Attendants [cite: 34]	2	Staggered Daily (07:30–16:00 & 09:30–18:00) [cite: 34].	Ergonomic cleaning techniques, guest privacy respect, allergen/dietary room setup awareness [cite: 34].

Position Title	Count	Operating Schedule & Shift Deployment	Key Intercultural & Service Competencies Required
F&B & Kitchen Lead [cite: 34]	1	Tue–Sun (05:30–14:00), Breakfast & cafe operations [cite: 34].	Halal/dietary prep compliance, HACCP food safety, menu customization for dietary restrictions [cite: 34].
F&B & Utility Staff [cite: 34]	1	Tue–Sun (11:00–19:30), Lunch/dinner & sanitation [cite: 34].	Cross-contamination prevention, dining room etiquette, inventory utility support [cite: 34].
Maintenance Technician [cite: 34]	1	Mon–Fri (08:00–17:00), On-call for physical plant [cite: 34].	HVAC eco-efficiency, plumbing, ADA/universal design barrier repair, emergency safety [cite: 34].

Staffing Level Justification: With 20 guest rooms and a target occupancy of 75% (15 rooms occupied daily), workload models dictate that 2 housekeeping attendants can clean 7–8 rooms per shift under strict quality standards [cite: 34]. Staggered schedules ensure double-coverage during breakfast rushes (06:00–10:00) and peak check-in windows (14:00), while 24/7 front desk rotation guarantees guest security [cite: 33, 34].

3.3 Leadership Approach, Onboarding & Rewards Plan

Alon & Aninag applies a Situational Leadership Model: participative/transformational during routine operations to empower staff initiative, and authoritative/directive during service pressure or crisis events to ensure rapid, unambiguous task execution (TESDA, 2021) [cite: 12, 39].

- **Financial Reward (Service Quality Bonus):** Quarterly payout of PHP 2,000 per staff member if property NPS ≥ 85 and zero unverified safety breaches [cite: 39]. Total quarterly pool: PHP 20,000 [cite: 39].

- **Non-Financial Reward (Inclusion Champion):** Monthly peer-nominated award featuring a framed certificate, public recognition at briefing, and 1 extra paid day off [cite: 39, 40].
- **Strategic Incentive Tradeoff Analysis:** Individual sales commission structures were deliberately rejected in favor of team-based NPS rewards [cite: 40]. Commission models incentivize aggressive upselling and hiding guest complaints, whereas team NPS pools align front desk, kitchen, and housekeeping staff around shared guest satisfaction [cite: 40].

3.4 New Product Integration Strategy

To maximize revenue per available guest without adding room infrastructure, Alon & Aninag introduces *The Aninag Dayglow & Paddle Experience* [cite: 2, 33, 51]:

- **Concept & Features:** A daytime package featuring 2-hour clear kayak/stand-up paddleboard (SUP) rentals, a floating Negrense refreshment tray (local cold-brew teas and snack platters), and dedicated beachfront daybed access [cite: 2, 4, 5].
- **Pricing:** PHP 850 per pair for staying resort guests; PHP 1,200 per pair for non-staying day visitors [cite: 5].
- **Operational Pacing:** Pre-booked 2-hour slots to prevent beachfront overcrowding and maintain a calm atmosphere [cite: 2, 4].

SECTION 4: INTEGRATION MATRIX

The integration matrix below verifies that every customer promise is backed by specific staffing, diversity protocols, marketing campaigns, budgetary provisions, and measurable KPIs [cite: 17, 56]:

Customer Need	Staffing & Leadership Response	Diversity & Inclusion Protocol	Marketing Promise	Allocated Cost (PHP)	Success Metric / Target
Strict Dietary & Halal Compliance [cite: 56]	F&B Lead trained in dietary compliance and separate prep [cite: 56].	Dedicated kitchen prep zones; direct preference inquiry at booking [cite: 13, 56].	"Personalized & Culturally Inclusive Dining" [cite: 56]	PHP 15,000 [cite: 56]	Zero dietary mix-ups; >90% dining satisfaction score [cite: 56].

Customer Need	Staffing & Leadership Response	Diversity & Inclusion Protocol	Marketing Promise	Allocated Cost (PHP)	Success Metric / Target
Express Check-in for Business Travelers [cite: 56]	Front Office Lead armed with tablet-based PMS tools [cite: 56].	Screen-reader and accessibility features on tablet interface [cite: 56].	"Frictionless, 3-Minute Arrival Guarantee" [cite: 56]	PHP 35,000 [cite: 56]	Check-in time < 3 mins; 95% audit score [cite: 56].
Barrier-Free Leisure Stay [cite: 56]	Housekeeping trained in universal accessibility maintenance [cite: 56].	Step-free pathways, roll-in showers, clear grab bars [cite: 56].	"Accessible Coastal Sanctuary for All" [cite: 56]	PHP 25,000 [cite: 56]	Zero accessibility barriers reported; NPS ≥ 85 [cite: 56].

SECTION 5: CONSOLIDATED LAUNCH BUDGET

Budget Category	Specific Expense Scope & Sub-Allocations	Amount (PHP)	Percentage Share (%)

TOTAL CONSOLIDATED LAUNCH BUDGET [cite: 54]	**Comprehensive Pre-Launch & Operational Capital Ceiling** [cite: 54]	**PHP 500,000** [cite: 54]	**100.0%** [cite: 54]

SECTION 6: IMPLEMENTATION PLAN & PROJECTIONS

6.1 90-Day Implementation Action Plan

- **Days 1–30 (Foundation & Human Capital):** Execute inclusive recruitment, complete 30-day onboarding, conduct accessibility audits, build direct PMS website (Owner: Hotel Operations Manager) [cite: 54].
- **Days 31–60 (Market Launch & Soft Opening):** Deploy digital social campaigns, initiate B2B sales visits, pilot test Dayglow & Paddle package with staying guests (Owner: Front Office Lead) [cite: 2, 54].

- **Days 61–90 (Full Commercial Operations):** Execute full commercial operations, audit bi-weekly NPS feedback, process first quarterly team reward payout (Owner: Entire Management Team) [cite: 39, 54].

6.2 Financial Feasibility Modeling & Revenue Assumptions

Baseline Assumptions: Room Inventory = 20 rooms; Average Daily Rate (ADR) = PHP 3,500; Target Occupancy = 75% (15 rooms occupied daily) [cite: 54].

- **Monthly Room Revenue Formula:**
  $$\text{Monthly Room Revenue} = 20 \text{ rooms} \times 75\% \text{ occupancy} \times \text{PHP } 3,500 \text{ ADR} \times 30 \text{ days} = \text{PHP } 1,575,000$$ [cite: 54]

  Monthly Dayglow & Paddle Package Revenue Formula:

$$MonthlyPackageRevenue = 5 packages/day \times PHP850 \times 30 days = PHP127,500$$

- [cite: 5, 54]
- **Total Projected Monthly Revenue:** PHP 1,702,500 [cite: 54].

SECTION 7: EVALUATION, CONTROLS & MANAGEMENT DEMONSTRATION

7.1 Operational Key Performance Control Indicators (KPIs)

Control Category	Target Metric	Data Source	Review Schedule	Responsible Manager	Corrective Action Plan
Marketing Conversion [cite: 55, 56]	Direct booking conversion rate ≥ 3.5% [cite: 56]	Google Analytics / PMS Engine [cite: 56]	Weekly Review [cite: 56]	Front Office Lead [cite: 50, 56]	Optimize landing page UI, refine CTA buttons, adjust digital ad targeting [cite: 56].

7.2 Integrated Management Demonstration Script

Scenario: Cross-Cultural Dietary Breakdown at Breakfast (3-Minute Demonstration Script) [cite: 47]
Setting: Alon & Aninag Dining Area. **Roles:** Guest (Mr. Rahman), Front Desk Associate (Mark), Operations Manager (Elena) [cite: 47].

[0:00–0:45] The Conflict
Mr. Rahman (Upset): "I specifically requested a Halal-compliant breakfast during booking! This tray has pork sausage touching my toast! This is completely unacceptable!" [cite: 47]
Mark (Defensive): "Sir, our kitchen staff just prepared the standard breakfast set. You can just eat the toast around it." [cite: 47]
[0:45–2:00] Managerial Intervention & Active Listening
Elena (Intervening calmly): "Mark, please step back for a moment. Good morning, Mr. Rahman. I am Elena, the Operations Manager. I hear how deeply frustrating and disturbing this is for you, especially after requesting Halal preparation in advance. Please accept my sincere apologies." [cite: 47]

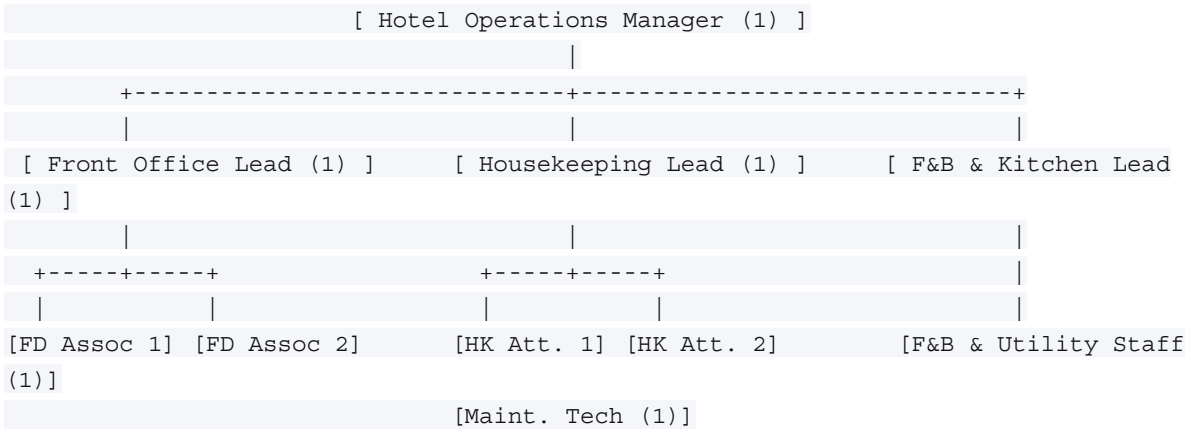

Mr. Rahman: "I noted it on my online form. Nobody paid attention!" [cite: 47]
Elena: "You are absolutely right to expect your dietary requirements to be strictly respected. I am removing this tray immediately, and I will personally oversee the fresh preparation of a certified Halal breakfast using sanitized, dedicated cookware." [cite: 47]
[2:00–3:00] Resolution & Operational Corrective Action
Elena: "While our chef prepares your fresh meal, please allow me to invite you to our quiet seaside lounge. I have waived today's meal charges and flagged your guest profile in our PMS to ensure all future meals are handled with strict non-contamination protocols." [cite: 47]
Elena (Post-event debrief with Mark & Kitchen Lead): "Mark, never minimize a guest's dietary or religious requests. Kitchen Lead, we need to review why the intake notes from the booking engine were not printed on the morning kitchen ticket. Let me fix that workflow immediately." [cite: 47]
